

Community Training!

Cole County CERT is committed to preparing the citizens of Cole County and surrounding counties to be prepared for emergencies. We plan to offer Emergency Preparedness training periodically during the year for anyone interested— whether to simply prepare themselves and their families or to become a member of Cole County CERT.

If you are interested in our training opportunities, please let us know as soon as possible. We will send out information to you regarding up-coming training events.

What is CERT?

Community Emergency Response Teams (CERT)

The Community Emergency Response Team (CERT) Program educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. Using the training learned in the classroom and during exercises, CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help.

Be CERTain!

Why Train?

Local government prepares for everyday emergencies. However, there can be an emergency or disaster that can overwhelm the community immediate response capability.

Training Includes:

- Disaster Preparedness
- Disaster Fire Suppression
- Disaster Medical Operations
- Light Search and Rescue
- Disaster Psychology
- Team Organization
