Re: Addendum One to Cole County Bid No. 2019-19: Heavy Equipment Engine Parts and Machine Shop Repairs

The following information hereby becomes part of the above-referenced Request for Bid and shall be fully considered in the preparation of your response.

1. Q: I am curious about the counties' use of in-house mechanics and how much they do compared to using other mechanics around town. We are a full service Machine Shop, and are interested in putting our name in the hat for machining services of engines and related parts. We do not do standard industrial welding and grinding, etc., but are equipped to work on engines and their components. We currently do machining for several of the area heavy equipment shops, and are wondering if engine rebuilds, etc. are subbed out to those shops or if they are done in-house?

A: **Some of this work is done in-house.**

The bid receipt date and time HAVE NOT BEEN CHANGED; submissions will be received until Thursday, April 25 at 3:30 p.m. The deadline for questions is Thursday, April 18, 2019.

I/We have received Addendum Number One to Bid No. 2019-19 and have fully considered the information provided in preparing a response.
