Re: Addendum Two to Cole County Bid No. 2021-19
Carnegie Building Step Replacement & ADA Improvements

The following information hereby becomes part of the above-referenced Request for Bid and shall be fully considered in the preparation of your response.

1. On sheet C501 there are conflicting references to the material being specified for the guardrails and handrails.
 - All references made to the guardrails or handrails being fabricated out of steel tubing shall be removed. The guardrail and handrail shall be fabricated using aluminum and be black powder coated.

2. The quantities for concrete sidewalk seems to be less than what we have calculated. Is this an error?
 - The proposal form has been updated to represent the correct amount of quantities. This includes the concrete sidewalk quantities and the type 5 aggregate base quantities. The revised proposal form is below as well as on our website.

The bid receipt date and time **HAVE CHANGED**; submissions will be received until **Friday, August 6th at 9:00 a.m.**

I/We have received Addendum Number Two to Bid No. 2021-19 and have fully considered the information provided in preparing a response.
