

**ADDENDUM NO. 1  
February 22, 2023**

**Request for Qualifications**

**Operation of Rail Spur and Multimodal Rail Transload Facility**

**Cole County, MO**

Interested parties are hereby informed that additional information regarding the rail spur is provided as follows:

Information provided by Union Pacific regarding the rail spur operations is as follows:

- UP will only provide “drop and pull” service in between switches at newly constructed Track F (as depicted in the conceptual plan) and existing track 750.
- UP will not provide intraplant switching for the Facility. Providing such switching, in full compliance with UP’s requirements, would be the responsibility of Company.
- The amount of rail volume is going to be LIMITED to the combination of a) The number of days of service provided by UP transportation and b) The number of cars that can safely fit in between track switches on Track F (as depicted in the conceptual plan).

Development Concept drawings as submitted to Union Pacific are included with this addendum.

BY THE ORDER OF:

Eric Landwehr, P.E., Director  
Cole County Department of Public Works  
February 22, 2023
