Re: Addendum Three to Cole County Bid No. 2024-18 Audio Video Equipment Upgrade

The following information hereby becomes part of the above-referenced Request for Bid and shall be fully considered in the preparation of your response.

1. In regards to Question 8 on Addendum Two.

The County wants the ability to show the YouTube audience any PowerPoint or Presentation that is being presented.

Question:

What is being used now for the interface of laptops to display PowerPoints, etc. that feed would need to be split so it can go to the streaming as well as the virtual meeting application

Answer:

We do not currently have this capability. The only way you can see the PowerPoint or presentation is when it is visible from the camera pointing in the direction of the screen. The sound would be whatever the microphone is picking up.

2. In regards to Question 11 on Addendum Two.

There still must be two (2) camera views. The cameras need to bounce to the sound of a voice, and not set on a time frame.

Question:

There still must be two (2) camera views. The cameras need to bounce to the sound of a voice, and not set on a time frame.

Answer:

The camera itself wouldn't moving, the camera would turn on depending on where the voice is coming from – for example if the commissioners are speaking, the camera that faces them switches on; if someone from the “audience” is speaking, that camera would switch on.

3. In regards to Question 12 on Addendum Two.

The cameras do not need to have the ability to move.

Question:

Are these static cameras or do they need to have AI tracking features? Questions 11 and 12 state two different requirements.

Answer:

We envision the zones for the audio portion, as described in #11. Also, to keep noise from outside the commission chambers to a minimum.

The bid receipt date and time HAVE NOT CHANGED; submissions will be received until Thursday, August 8, 2024 at 3:00 p.m.

I/We have received Addendum Number Three to Bid No. 2024-18 and have fully considered the information provided in preparing a response.
